

General terms and conditions concerning contributions to *POINT FIXE*[®] publications

The editor is happy to receive contributions, pictures with or without text, to *POINT FIXE MAGAZINE*.

The contributing author has previously to accept the following general conditions. He will have to print the "Acceptation form" at the end of the present document, to fill it out, to date and sign it, and to join it to his contribution.

Article proposition to *POINT FIXE*[®]

This article will have to cover any item of the current year related to military, or more generally, governmental aviation (Air Force, Navy, Army, Police, Customs, Coast Guards etc...), or can eventually cover a past time event accompanied with unpublished documents.

The author will first have to contact the editorial board of *POINT FIXE* prior to sending his article (point.fixe@orange.fr).

Two cases may arise:

1. The author proposes an already completed article (text, pictures and captions) :

The editorial board maintains the right to accept or refuse this contribution, without having to justify his decision (the publication or not of the same subject on the web can be a determining factor in the editorial board's choice).

2. The author proposes a subject to be realized for *POINT FIXE*:

If the subject is accepted by the editorial board, the author will receive a personalized introduction letter including the application of coverage on behalf of *POINT FIXE*.

This letter implies that this report will be made exclusively for *POINT FIXE* and will not appear in any other publication, even partially, in any form or on any medium whatsoever, including the web, before the release of the report in the publication of *POINT FIXE*. Failure to comply with this clause would result in a breach of commitment and the subject would be automatically rejected.

The final publication will return to the editorial board in light of the quality of coverage done.

In order to avoid any postal loss, the author is deeply advised to send his contribution via registered letter or parcel.

In case of sending by electronic way, the author will have to give his mail address in order to receive an acknowledgement of receipt from the editorial board.

Submitted material will not be sent back, except on the author's specific request. In this case, the returned material will be joined with a sample of the magazine after its publication (see "Compensation" paragraph below).

Pictures and articles

All digital imagery should be original files and at least 300 dpi and 2480x1660 pixels in size (JPEG, TIFF or RAW). They can be sent either on physical support or via electronic way.

High quality slides or paper prints are exceptionally accepted. After being scanned, the original documents will be returned to the author.

He can join a short text and/or captions, which *POINT FIXE* editors reserve the right to modify on their own if needed. In this case, a sample of the modified version of the article will be sent to the author on his own demand for a last check before publication. Without such a request, it is understood that the author will accept any modification in his production.

In case of no text, *POINT FIXE* editors will write one on their own way, according to eventual joined data or open information.

Poor quality pictures or files will not be published.

By sending an article or only pictures, the author accepts not to propose it at the same time to another French or English speaking revue (*Air Fan, Air Forces Monthly,...*). It is also to be hoped not to find the same author's pictures on a website.

The *POINT FIXE* editors cannot be held responsible for the contributors' opinions or the publication of pictures obtained without the appropriate authorizations of either civil or military authorities.

Compensation

Each author of one or several articles (or pictures) will receive as compensation a maximum of two free samples of the publication including his contribution.

The editorial board is sovereign to determine the number of offered copies in view of the contribution.

In any way, no other kind of payment is conceivable.
